

SCAT Test

Students who have taken the SCAT test receive TWO (2) grades that correspond to the two parts of the test: language (verbal) & mathematics (quantitative).

If these grades are equal to or above the bases shown below, then the student has passed the exams and gained access to the CTY Greece programs. The cut off points are formed based on class grade.

Students may pass one of the two parts of the test or both. This fact does not affect the accessibility to the CTY Greece programs but differentiates the type of courses that can be chosen.

More specifically:

- If the student has passed the language part (verbal) of the SCAT test, he/she can participate in humanities courses.
- If the student has passed the mathematical part (quantitative) of the SCAT test, he/she can participate in science courses.
- If the student has passed both parts, he/she can participate in all courses offered by CTY Greece for his/her age.

STB Test

Students who have taken the STB test get ONE (1) grade. If this score is equal to or above the bases shown below, then the student has passed the exams and gained access to the CTY Greece programs. The cut off points are formed based on class grade.

Students who have passed the STB test can participate in STEM courses.

MINIMUM SCORE REQUIREMENTS FOR SCAT & STB TESTS

Students tested between 1st October - 31st December

Elementary

	2 nd grade	3 rd grade
SCAT Verbal	428	433
SCAT Quantitative	433	438

Intermediate

	4 th grade	5 th grade
SCAT Verbal	438	443
SCAT Quantitative	445	455

Advanced

	6 th grade	7 th grade	8 th grade	9 th grade
SCAT Verbal	448	453	458	463
SCAT Quantitative	468	473	480	488
STB	31	34	37	45

Students tested between 1st January - 31st March

Elementary

	2 nd grade	3 rd grade
SCAT Verbal	430	435
SCAT Quantitative	435	440

Intermediate

	4 th grade	5 th grade
SCAT Verbal	440	445
SCAT Quantitative	450	460

Advanced

	6th grade	7th grade	8th grade	9th grade
SCAT Verbal	450	455	460	465
SCAT Quantitative	470	475	485	490
STB	31	34	37	45
